INDIAN SOCIETY OF KAWASAKI DISEASE

Presidents Note

Respected Seniors and dear friends,

It gives us great pleasure to invite you to the 7th annual conference of the Indian Society for Kawasaki Disease on 7th and 8th December 2024 at Patna.

Since it was first described 57 years back in 1967 by Dr Tomisaku Kawasaki, the disease has been reported across most of the globe, presently being reported as the commonest childhood vasculitis in several countries and replacing Rheumatic fever as the most common cause of acquired heart disease in children. However in a vast and diverse country like India, the disease continues to be under diagnosed not only because of its incomplete and varying presentations but more so because of a certain amount of cynicism amongst the treating pediatricians.

To raise awareness about the Disease a Society was formed in 2018 and this is the first time that a dedicated 2 days conference addressing a single Pediatric disease will be organised in Patna. Hoping that everyone associated with child health from general pediatricians to intensivists to cardiologists will join us in unraveling this enigmatic entity.

Warm regards ,

Dr Priyankar Pal

MD(Ped) MNAMS FIAP FRCPCH (UK)

Prof and Head of the Department of Pediatrics

Unit head Pediatric Rheumatology

Institute of Child Health Kolkata

Past President Pediatric Rheumatology Society of India

President, Indian Society for Kawasaki Disease

General Secretary Note

Message from the general secretary, IKDS

At the very outset, I convey my heartfelt thanks and gratitude to all esteemed members of IKDS for entrusting me the honour of carrying the mission of IKDS. I am greatly indebted to all for their valuable co-operation, guidance and suggestions.

This is our immense pleasure that, Dr. Pratap and his team is organizing the 7th annual conference of our society on 7th and 8th December, 2024 at AIIMS-Patna. After West Bengal, probably this is the second state of eastern zone of India which have come forward to organize this annual event. I wish my thanks and gratitude to Dr. Pratap and his team.

My best wishes to the organizing team.

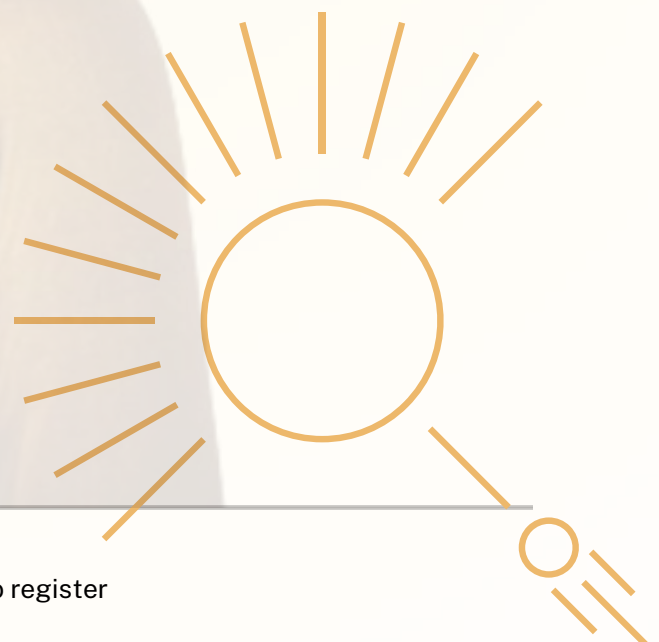

With thanks and regards,

Dr. Dhrubajyoti Sharma

General Secretary, IKDS

CALL FOR ABSTRACTS

Delegates who would like to present their work at the Conference, either orally or as a poster, are invited to submit an abstract for consideration by the Abstract Committee via mail at nationalconferencekd@gmail.com. Abstracts must describe original, previously unpublished work. Scheduling of poster sessions and abstract presentations is at the discretion of the Scientific Programme Committee.

For standardization, the total length of the abstract must not exceed 3000 printable characters including spaces (approx. 400 words) and 90 line counts.

Characters Counts Includes: The Title and Body of The Abstract.

The body of the abstract will be structured as follows with the following subtitles:

1. Introduction / Objectives / Methods / Results / Conclusion
2. Image (or graph) and tables may not be included. Authors will be able to present them in the poster or power point slides during the presentation.
3. While delegates may indicate their preference for oral or poster presentation, the final decision is made by the Scientific Programme Committee. While every attempt will be made to schedule abstracts according to the requests of authors, requests for oral presentations cannot be guaranteed.
4. The presenter has to register for the conference as mentioned in the registration page.
5. Last date abstract submission: **7th November 2024**

*“Workshop on Coronary Artery Imaging
and basic Echo-cardiography. “
Registration is only for 30 Participants.
“First come, first serve basis”*
