8th National Conference of the Indian Society of Kawasaki Disease

November 22-23, 2025 | IMA House, Kochi
Supported by : Indian Academy of Pediatrics

A D V A N C I N G T O G E T H E R

Welcome Note

Dear Colleagues,

We are delighted to invite you to the 8th National Conference of the Indian Society of Kawasaki Disease, taking place at IMA House, Kochi, on November 22–23, 2025. This landmark event will assemble renowned experts, clinicians, and researchers for comprehensive discussions on Kawasaki Disease, offering a premier forum for scientific exchange, latest advancements, and networking with specialists from across India. We look forward to your enthusiastic participation in this vibrant academic gathering and trade exhibition.

Warm regards,

Dr. R. Krishna Kumar
Organising Chairperson

Dr. Suma Balan
Organising Secretary

Key Features

- Comprehensive sessions on Kawasaki Disease, led by leading experts in pediatric rheumatology and immunology.
- In-depth discussions covering the most recent research, diagnostic breakthroughs, and evolving management strategies.
- Interactive platform enabling knowledge exchange, skill-building, and collaboration among practicing pediatricians and clinical researchers.
- Ample networking opportunities for professionals to engage with leaders in the field.

Event Highlights

Orations by eminent national and international faculty, including:

- **Dr. Surjit Singh**

Pediatric Rheumatologist & Immunologist
Professor & Head (Rtd), Department of Pediatric Medicine,
Post Graduate Institute of Medical Education and Research,
Chandigarh
Founder Member and Past President, Indian Society of
Kawasaki Disease.

Dr. Surjit Singh

- **Dr. Kazuyuki Ikeda**

Lecturer, Department of Pediatrics, Graduate School of
Medical Science,
Kyoto Prefectural University of Medicine, Japan
Japanese Society of Kawasaki Disease.

Dr. Kazuyuki Ikeda

-
- **Panel Discussions** on diagnostic challenges, clinical controversies, and emerging therapies.
 - **Workshops** covering best practices in disease management and advances in laboratory genomics.
 - **Oral and Poster Presentations** showcasing cutting-edge research and clinical case studies.
-

“Life lessons that I have learned from my father
-Dr. Tomisaku Kawasaki” by Ms. Tsubura Kawasaki
